

The City of Mount Vernon is working with the consulting firm of American Structure Point to develop a new Comprehensive Plan and update the Downtown Revitalization Plan for the city. These documents will help define a long-term vision for the City's future over the next 10 to 20 years. In order to make representative of the entire community it is important that we gather information from as many citizens as possible.

Please take a few minutes and complete the survey at the link below.
